#### To add an attachment to a travel document:

- 1. From the drop-down list derived from "Services for Object" icon, cursor over "Create," a second window appears.
- 2. Click "Store Business Document." Do NOT use "Create Attachment" (this option will be removed from future displays).

Approvers may use the "Create note" to provide information as to why they have returned or rejected a document.

# Viewing an Attachment to a Travel Document

Viewing an Attachment to a Travel Document

To view an attachment that has been added to a travel document, open the document in Travel Manager (TRIP). Click the right side of the "Services for Objects" icon. In the drop-down window click "Attachment list."

Viewing an Attachment to a Travel Document

The "Service: Attachment list" displays a list of all attachments made to a travel document with the date that they were added.

Notes are added by approvers to provide information on actions taken; including reasons for rejection or return of a travel document.

Travel Expense documents are the receipts or other documentation required to support a travel document for approval.

To view a note or .pdf attachment, either double click the icon (left side of row) or select the row and click the green check .
